

# BATAPLOUF!

**Age:** 4 to 8 years

**Number of players:** 2

**Contents:** 20 cards + 5 cards in the shape of sea animals.

**Object:** To win all the cards.

**Rules of the game:** Deal 10 cards to each player and let the 5 cards in the shape of sea animals float freely in the bath.

Players hold their deck of cards face down in their hands and then they simultaneously turn over the top card from their deck:

- The highest card (from 5 bubbles to 1 bubble) wins the trick. The winner places the cards she has just won at the bottom of her deck.

- When 2 identical sea animals are turned up, there is a Bataplouf situation!

To win the Bataplouf, you quickly need to "catch" the sea animal showing on the cards. The first player to catch it wins the trick then puts the animal back into the water.

**Winning:** You win the game by accumulating all the cards.

Attention Watch out for splashing!!

Warning. Small parts.
