# little FAMILY

**Ages:** 2.5 - 5 years

**Includes:** 30 cards (15 pairs)

**Aim of the game:** Make as many pairs as possible

The animals are looking for their friend - help them find him!

**Playing the game:**

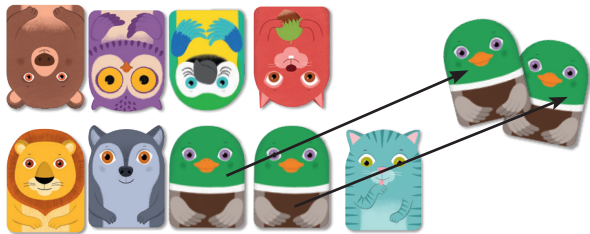

Shuffle all the cards and deal 4 to each player, which they place in front of them, face up.

The rest of the cards are placed face down in a pile to form the deck.

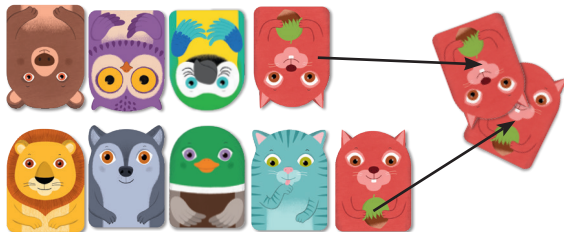

The youngest player starts, then play continues in a clockwise direction.

The player whose turn it is picks up a card and puts it down in front of them, next to their cards. They then look carefully at their cards and the cards of the other players. There are three options available to them:

- They can make a pair with their cards. In this case, they take the matching cards and put them in a pile next to them as "won cards".

- They can make a pair using one of their own cards and another player's card. In this case, they take the other player's card and their own card and put them in a pile next to them as "won cards".

3) They can't make any pairs and nothing happens.

Then it's the next player's turn.

#### End of the game:

The game ends when all pairs have been reunited.  
The winner is the one who has the most.
