

POUET! POUET!

5-99 years

From 2 to 4 players

Contents: 40 blue cards (mime)
40 orange cards (shout)
40 green cards (mime + shout)

Aim of the game: to be the first to win 10 cards.

Rules of the game: All cards are arranged hidden face down in the middle of the players. The youngest player begins. You play clockwise. The first player draws a card and looks at it discreetly. He must make the others guess what is on the card (there may be several different interpretations for a same drawing. It is up to the player doing the miming or shouting to decide if the word found by the other players corresponds to the picture).

According to the colour of the card, the player must do a mime (blue cards), a shout (orange cards) or a mime and a shout (green cards).

If a player finds the answer, whoever did the performance can keep his card. If no one finds it, he puts his card back under the pile. And it is the next player's turn to draw a card, and so on.

Before playing you must determine the number of cards needed to win the game according to the mood and age of the players,
(E.g. 5 cards for a quick game, 20 for a longer game...)

Warning! Choking hazard.
